

Completed an umpiring course and want to take the next step?

If you have completed an umpiring course you are allowed to umpire junior netball at Kidzplay Netball and Netball North Harbour.

Your next step will be finding yourself a team you can umpire. Please contact the netball/sports co-ordinator at your local primary school as they may be looking for umpires.

Want to become a Pool Umpire?

To be able to join our umpiring pool umpires must:

- ✓ have taken an umpires course
- ✓ have had at least one year's experience umpiring (both Winter League and Spring League)
- ✓ pass the Kidzplay Netball pool umpires assessment

Every year before the netball season starts (in Term 1) a meeting and assessment day is held for all umpires who wish to join our umpiring pool.

Email kidzplaynetball@gmail.com in February 2020 if you want to join our umpiring pool for 2020. Please include your name, school year, umpiring experience and qualification. Spaces are limited so registrations are essential!

Please note: We only do intakes at the beginning of each year and our pool umpires normally sign up for both the Winter League and Spring League.
